

Amie Goodin, PhD

University of Florida, Gainesville, FL 32610, USA

Dr. Amie Goodin is an Assistant Professor in the University of Florida College of Pharmacy's Department of Pharmaceutical Outcomes and Policy and the Center for Drug Evaluation and Safety (CoDES). She is Assistant Director for Evidence of the Consortium for Medical Marijuana Clinical Outcomes Research and a Fellow of the Center for Public Health Law Research. Her research evaluates policy and regulations that influence the use of controlled substances, as well as medical product and service access, use, outcomes, and care quality.
